

## AMCI Adds Sales Rep to Michigan

Terryville, CT – Mechatronics Solutions LLC is now representing Advanced Micro Controls Inc (AMCI) in Michigan.

AMCI has realized growth in Michigan, and recently added sales representation to better service the expanding market. AMCI's local sales representatives have a deep knowledge base of AMCI products, and provide assistance with product selection and support. AMCI sales reps work with a large number of Allen-Bradley, Schneider, and GE distributors who together, will help customers and OEM's find the best solution for their application.

### **Mike Malcoun – Covering East Michigan**

Mike is a hands-on technical sales rep that understands the mechanicals and controls from the PLC out. He's an industry veteran, offering many beneficial connections along with years of experience consulting and implementing motion control applications.

### **Jason Teunissen – Covering West Michigan**

Jason has a deep understanding of customer requirements through his years of experience working alongside OEMs and machine builders on the shop floor. He carries extensive knowledge of motion control technologies and PLCs, and comes from a high-tech distributor background.

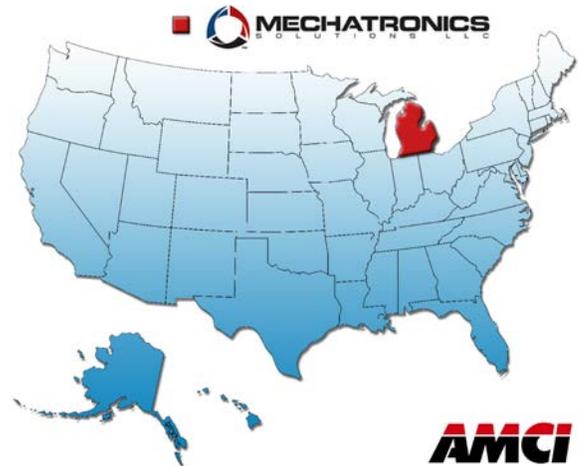

*“Mechatronics Solutions is looking forward to partnering with AMCI on providing electro-mechanical motion control solutions in Michigan. AMCI's ability to connect their products to any field bus is innovative and provides our customers with a cost-effective solution by eliminating unnecessary wiring and reduced start-up time. My partner and I are excited about working with the innovative and forward looking team at AMCI.” – Mike Malcoun, Mechatronics Solutions LLC*

Mike and Jason of Mechatronics Solutions LLC will be supporting the growth of AMCI's business by working closely with the channel, customer orders, and introducing innovative new products from AMCI to the market.
